## THE PALESTINIAN NATIONAL ENSEMBLE OF ARABIC MUSIC

Ramzi Aburedwan (Music Director, composer and musician for – among others - the opening of the Festival of Sacred Music in Fes in 2016 and 2017), the Artistic Director of the National Ensemble of Arabic Music of Palestine, wishes to perpetuate and spread the beauty of the rich Arab musical heritage through the ensemble's own compositions and the marvelous classical Arab repertoire.

**Composed of thirty musicians, the ENAMP, which follows in the footsteps of the famous Ensemble "Radio Jerusalem", brings together the best talents of Palestine.**

With a sophisticated and complex vocal ornamentation, the Ensemble, which is eager to return to the sources of Arab music and the art of interpreting the maqāms (a system of melodic modes which are specific to the Arab world), dazzles us with the purity of this scholarly music brought to light by the interpretation of pieces of Farid El Atrache, Mohammed Abdel Wahab, Ryad, Sunbati, Mohamed el Kasbgy, Oum Kalsoum, Layla Mourad, Sabah Fakhri and compositions of the Andalusian Samai, Longa and Muwashshah.
